

THE UNIVERSITY OF MISSISSIPPI MEDICAL CENTER

ACT Center for Tobacco Treatment, Education and Research

The ACT Center provides face-to-face treatment services for Mississippians who would like to quit using tobacco. The program consists of a combination of supportive counseling and medications, as appropriate. This approach of combining counseling and medication has been shown to be the most effective option currently available.

Who can receive treatment at the ACT Center?

Anyone 18 years or older who is a resident of the State of Mississippi.

How much does treatment cost?

There is no charge for treatment services, including medications.
